## REPORT OF SCHOOL BOARD.

---

Most of the schools have been fortunate in securing the services of excellent teachers, who have worked hard during the past long term of school, not however without good results from a majority of the children.

The school board has endeavored to keep the attendance as high as possible, and the truant officer has been called upon in a number of different cases.

New text books in grammar and geography will soon have to be purchased.

All necessary repairs have been done to the school houses.

Without the aid of a superintendent the school board has endeavored to attend to all school business as promptly as possible.

We wish to thank all for courteous treatment.

GEORGE D. PATTEE, *Chairman.*
